

CORBEAU[®]

seats for street, race, and offroad

Custom Bracket Guide

- **Universal Seat Brackets:** These brackets are to be used when custom brackets are unavailable. We have universal brackets that sit at either 2" (C22003) or 3"-6" (C22005) high. Can only mount to a flat floor pan.
- **Sliders:** All brackets come with single locking sliders, except NS brackets.
- **Baja Adapters:** Baja Adapters (A22002F) are required for all Baja SS Seats being mounted on Corbeau Brackets. Not required for the Baja RS.
- **Double Locking Sliders:** Double locking sliders are \$39.00 if ordered by themselves. Brackets come standard with single locking sliders. You may upgrade to Double Locking Sliders for \$15.00 per bracket.
- **Aluminum Side Mounts:** Side Mounts (B22009) allow you to hard mount your seat for race use. For use with the Corbeau FX1 seats.

Indemnification

You agree to indemnify, defend, and hold harmless Corbeau, its officers, directors, employees, agents, licensors and suppliers from and against all claims, losses, expenses, damages and costs, including, without limitation, reasonable attorneys' fees, arising from or relating in any way to your purchasing of Corbeau products. You purchase Corbeau products at your own risk. No warranty or representation is made that Corbeau products will protect the user from injury or death and the user expressly assumes any and all such risk. The effectiveness, warranty and longevity of Corbeau products are directly related to the manner in which they are installed, used and/or maintained.
